

PICKAWAY COUNTY COMMUNICATIONS CONTEST
May 11, 2022 at 6:00 pm* - contest times may be split by category
Demonstrations and Illustrated Talks
Marketing Contest
Health & Safety Speeches & Skits

I. DEMONSTRATIONS AND ILLUSTRATED TALKS:

General Guidelines

1. A member may select any topic for his or her demonstration. Demonstration topics and materials should be prepared by the 4-H member. Topics and materials previously used by someone else in another demonstration should not be utilized.
2. An individual or team who has participated in a previous year will be expected to present a different demonstration than he or she gave previously.
3. The presenter(s) uses appropriate props and other visual aides to teach others about a subject or how to do something.
4. There is a separate horse related contest that takes place in April. Members wishing to participate in the State Horse Communication Contest should visit the OSU Equine program website at <http://horse.osu.edu>. Members with a horse topic area may enter the regular speech and/or demonstration classes at the county level.
5. There is a separate shooting sports related contest that takes place during the Ohio State Fair. Members wishing to participate in the State Shooting Sports Speaking and Demonstration Contest should visit the OSU 4-H website at <https://ohio4h.org/nonlivestockguidebook>. Members with a shooting sports topic area may enter the regular speech and/or demonstration classes at the county level.
6. No large animals (i.e., horse, beef, sheep, goat, dairy, or hogs over 20 pounds) may be used in a demonstration. Members should use models, photographs, or illustrations to make their point when giving a talk about large animals.
7. Small animals (under 20 pounds) may be used in a 4-H demonstration provided that the animals do not place the public at risk and that they meet all of the health requirements established by the Ohio Department of Agriculture Livestock Health Requirements found in the Ohio State Fair Livestock Exhibitor Handbook. Current health and shot records must be carried with the animal. Animals must remain caged or leashed before and after the presentation.
8. A team demonstration consists of two people sharing the speaking and teaching role. When members of a team fall into different age categories, they will participate in the older class.
9. A demonstration, whether given by an individual or a team of two members, should last between **5 to 7 minutes for Juniors** and between **8 to 10 minutes for Intermediates and Seniors**. Timing begins when the member begins to speak and ends at their conclusion. The time allotted for introductions, questions and answers is not included in their time.
10. Firearms, bows, arrows, paintball guns, air rifles, weapons, gun cases, or any reasonable facsimile may not be used in a 4-H demonstration or illustrated talk. Plastic replicas may be permissible, but we urge caution in the use of items that look truly authentic in that they may create concerns with security.

11. A member who has won a clock trophy at the State Fair in any one class will not be eligible to participate in the same class again. Previous state fair clock trophy winners must wait until they are eligible to enter a new class, ie: A junior individual must wait until they are of age for the intermediate class to participate.
12. A laptop and projector will be provided. Members using computer generated or other audio-visual equipment may bring their own laptop as a back-up in case any issues arise, but to assist with time we recommend members bring a USB flash drive to use on the provided equipment. Provided equipment will be Microsoft Windows based. No Wi-Fi connection will be available.
13. Members may have minimal assistance in setting up their demonstration; however, those individuals going on to state competition will be expected to set up their materials on their own with no outside assistance.
14. Members using computer generated graphics such as PowerPoint or Prezi, that face computer glitches may, with permission of the judges, call upon outside assistance for technical help. Members are expected to be able to perform routine set-up and use of the equipment.
15. Members who use PowerPoint or Prezi within an illustrated talk or demonstration should use the technology to supplement their delivery. The illustrated talk may not be a pre-recorded narration. The member is required to provide a live delivery of the topic.

Classes:
