

2017 Ohio State Fair DNA Sample Collection

I/we, the market beef exhibitor and parent/guardian (if the exhibitor is younger than 18 years of age), understand that by sealing and signing across the envelope closure of the provided DNA sample, I/we are fully responsible for the collected DNA material placed in the envelope to be of sufficient testing amount (20 – 30 hair samples with follicles) and free of any debris that will prohibit a reference match DNA test. Lack of sufficient DNA material or cleanliness of the sample for DNA verification will be grounds for disqualification of the market beef animal in question.

2017 Ohio State Fair DNA Sample Collection Instructions Samples must be RECEIVED at the Ohio State Fair by JANUARY 15, 2017

- Open your packet of collection materials and confirm the following are included:
 - Hair sample collection envelope with Ohio State Fair logo on the front;
 - DNA sample collection and Ohio State Fair nomination protocol sheet;
 - Envelope seal - Ohio State Fair logo sticker (1"x1"); and
 - An EID (Electronic Identification) tag with a 15-digit number (*If your animal already has been tagged with a 15-digit EID tag, another tag will not be included*). **Note: If planning on attending a BEST show, you must have your EID tags in your calves prior to arriving at your first BEST sanctioned show.**
- Remove collection envelope and fill out all the pertinent information. You will need one kit for each Steer and/or Market Heifer you plan to nominate for the 2017 Ohio State Fair.

***Note:** If your Steer(s) and/or Market Heifer(s) already has an EID tag in either ear, then begin following instruction #3 and skip #4. If there is no EID tag in either of your Steer(s) and/or Market Heifer(s) ears, skip instruction #3 and follow instruction #4.
- Your Steer(s) and/or Market Heifer(s) have an EID Tag:
 - Since your Steer(s) and/or Market Heifer(s) have an EID tag in one ear, you must write the 15-digit number on your sample collection envelope. Your Steer(s) and/or Market Heifer(s) may have come from a state or breeder who require and/or use EID as a way of identification, respectively. **These cannot be removed! You cannot have two EID tags in one animal.**
 - Confirm the number is correct that you wrote on the front of the envelope. This is the identification that will be used for your Steer(s) and/or Market Heifer(s) during the 2017 OSF. Once you have documented the EID number on the front of the envelope and have confirmed it is correct, you are ready to collect your hair sample (instruction #5).
 - Since there already is an EID tag in your animal's (s) ear, please return the tag that was supplied in your kit, along with the hair sample, to the Ohio State Fair either directly or by way of your county Extension professional or FFA advisor if they are collecting them.
- Your Steer(s) and/or Market Heifer(s) does not have an EID tag:
 - Write the 15-digit EID number from the EID tag provided in your kit on the front of sample collection envelope.
 - Using a Universal Total Tagger (Red) or EID Ultra Retractable Tagger from Allflex, insert the tag into your Steer(s) and/or Market Heifer(s) ear. **If you have not done this before please ask for help from someone experienced.**

The Ohio State Fair Center & State Fair
713 East 17th Avenue
Columbus, OH 43211
Ph: 614.466.4200
Web: OSF, OSF, OSF

Participant's Name: Chris Clover
Address: 123 Clover Dr. in, Charlotte, OH 43001
County: Clover Phone: (614) 456-7890 Email: cclover@ohiofair.com
Herd Tag #: 007 EID Tag #: 840 123 456 789 123
Signed: Chris Clover Date: 12.17.16
Signed: [Signature] Date: 12.17.16
Signed: [Signature] Date: 12.19.16
(Extension Professional or FFA Advisor)
ONE ENVELOPE PER ANIMAL. Specifications must be retained at the Ohio State Fair Office by January 15, 2017.

- c. Once the tag is inserted it cannot be removed for any reason. This will be your Steer(s) and/or Market Heifer(s) permanent identification through the 2017 Ohio State Fair.
5. Once you have completed filling in the required information on the envelope, you can now collect the hair sample.
- a. Hair should be dry;
 - b. If hair has excess dirt and debris, please brush out;
 - c. **DO NOT CUT the HAIR!** The root of each hair strand contains the necessary information for DNA testing;

- d. Use fingers or pliers to grasp approximately 8-10 hairs close to the skin and pull;
 - e. Repeat until you have approximately 20-30 hairs with root follicles attached. Root follicles will appear clear to opaque in color and resemble the shape of a teardrop at the root of the hair strand;
 - f. Place the 20-30 hairs with root follicles attached in the envelope, and seal the envelope;
 - g. Clean hands or pliers between samples.
6. Now that you have collected a sample to submit to the Ohio State Fair and you have sealed the collection envelope, place the provided 1"x1" Ohio State Fair logo sticker across the seal of this sealed envelope.
7. Additionally sign your name across the seal of the collection envelope.
8. Lastly, your completed sample must be submitted in one of the following ways:
- a. Give to your county Extension professional for a signature, and s/he will submit it to the Ohio State Fair; or
 - b. Give to your FFA Advisor for a signature and s/he will submit it to the Ohio State Fair; or
 - c. Obtain either your FFA advisor's or Extension professional's signature and submit your collection envelope directly to:

The Ohio Expo Center and State Fair*
c/o Stacey French
717 East 17th Avenue
Columbus, OH 43211-2698

***Note:** The hair sample envelopes must be placed in another mailing envelope addressed to the OSF address listed above. The preprinted coin envelopes for sample submission are not intended to serve as an envelope mailer. Collection envelopes for each individual animal nominated to show at the Ohio State Fair **MUST BE RECEIVED at the Ohio State Fair by JANUARY 15, 2017. THIS IS NOT A POSTMARK DATE! Submit ONE envelope PER ANIMAL.**

If you are submitting through your county Extension office or your FFA advisor, be sure to take your samples in early enough so they have enough time to submit the nominations prior to the OSF deadline. If you are sending the nominations directly, please be sure to allow enough time for your submissions to be RECEIVED by the Ohio State Fair to meet the deadline of January 15, 2017. Each animal nominated must have an individual submission (one envelope per animal), however multiple envelopes can be sent in one mailing to the Ohio State Fair. **For questions, please contact Stacey French at 614.644.4049 or s.french@expo.state.oh.us.**
